Char-RNN and Training

- Andrej Karpathy - original author of the character-level recurrent neural network language model. <https://github.com/karpathy/char-rnn>
- Billzorn - adapted the above for MTG cards. <https://github.com/billzorn/mtg-rnn>
 - Additional python tweaks/updates by Nyrt and CocoaMix
- MTGJson.com for providing card training data for the AI

Google Colab notebooks

Additional thanks to the creators of the following Google Colab notebooks, which were used to generate art:
